

UST Technician Continuing Education Training Course

This course is presented by Clean Fuels Associates in conjunction with Carroll Independent Fuel Company. The course is designed for currently certified Maryland UST technicians and certified removers who are in need of continuing education credit to comply with COMAR 26.10.06.09. The course is offered to all properly certified individuals.

Training dates will be posted on the Clean Fuels Associates web site on an as needed basis at www.cleanfuelsassociates.com. You may also contact Kyle Nelson at 410-757-7576 or via e-mail at kyle@cleanfuelsassociates.com to obtain dates and registration information.
